The following regulations also apply:

1. Students will not be admitted to the major unless they have at least a 2.0 university cumulative average and at least a 2.0 cumulative average in economics. 2. To remain in good standing, economics majors must maintain a university grade point average of at least 2.0 and an economics grade point average of at least 2.0. Majors must also earn a grade of at least 2.0 in both Economics 251 and Economics 252 to continue as a major in economics.
3. Economics 108 & 115 and Accounting 203 & 204 do not count towards the major in economics.
4. Courses taken at other universities or as part of off-campus study programs do not count towards the major unless they are approved by the department.

6. The maximum number of economics courses permitted in the major is 14.

8. Students completing MATH 113 and Math 135 (or MATH 136) with a 3.0 or higher grade in each may take another economics elective in lieu of economics 200.

Students who expect to undertake such a program should consult with the department chairman in the last term of their junior year.
